

Lovers Or Liars (Live at Steinway Music Hall)

Lauren Aquilina

Trying to put my finger on this feeling
Can't remember what we came here for
Everything we try to save has hidden meaning
You know the kind of tired sleep can't cure But time moves slow, waiting for this to evolve
When hearts have nothing to hold, they let go
So what the hell are we waiting for? Are we lovers or liars?
Are we burning up to keep this fire alive?
God loves a tryer, but there's nothing left to try
I lied to ourselves, lying to each other
Hiding from the truth, hiding under covers?
Are we lovers or liars?
Holding onto reasons I should keep you
When all the things you loved are now my flaws
Nowhere left to go, we can't know
So what the hell are we waiting for? Are we lovers or liars?
Are we burning up to keep this fire alive?
God loves a tryer, but there's nothing left to try
I lied to ourselves, lying to each other
Hiding from the truth, hiding under covers?
Are we lovers or liars? Shall we lose everything we've got,
Or to settle for something that we're not?
And all will be forgiven
If we go back, can we go back?
Are we lovers or liars?
Are we burning up to keep this fire alive?
God loves a tryer, but there's nothing left to try
I lied to ourselves, lying to each other
Hiding from the truth, hiding under covers?
Are we lovers or liars? Are we lovers or liars?
