

# That Was A Close One

Earl Thomas Conley

I loved her because she was there  
And I knew all along that it wasn't fair but I didn't care  
Then I got the hell out of there  
But that was a close one  
I keep my freedom intact  
Got rid of the hassle and rid of the flack  
Yeah I cut me some slack  
And I never thought I'd want it back but that was a close one  
That was a close one and if I hadn't run  
She might have got away with me heart so I played it smart  
That was a close one but I kept my cool never let down my guard  
That was a close one  
The winter of '79 so cold and lonely  
I found a good woman she took me inside  
And I swear to god I really tried  
And that was a close one  
Will there ever be a love of my life  
When I'm out of my prime and out of my mind  
In the nick of time and well the feeling in here is fine  
Just the close ones  
That was a close one and if I hadn't run  
She might have gotten away with me heart my precious heart  
That was a close one but I kept my cool never let down my guard  
That was a close one  
That was a close one I loved her because she was there that was a close one  
That was a close one winter of '79 that was close one  
That was a close she finally got away with my heart that was a close one
