

# Done Me Wrong

## Jamestown Revival

When you called me on the phone I got excited  
When I heard it was your voice on the line  
And then you told me there's another man  
Who's got the time for you  
That's alright honey I'll be fine  
Yes, I'll be over you I ain't got time to be lonely  
I got a rambling bomb  
And I ain't got time to think about you honey  
How you left me alone  
They say time is money  
And all the money's gone  
One of these days you wish you wouldn't done me wrong  
No, never been the one to be mistreated  
She's always been the lover with the upper hand  
Now you've gone and got yourself a New York City man  
I'm sure he's got good manners but can he please you like I can I ain't got time to be lonely  
I got a rambling bomb  
And I ain't got time to think about you honey  
How you left me alone  
They say time is money  
And all my money's gone  
One of these days you wish you wouldn't done me wrong I ain't got time to be lonely  
There's not time to mourn  
No time to worry  
See I'm better off on my own  
I ain't got time to be lonely  
I got a rambling bomb  
And I ain't got time to think about you honey  
How you left me alone  
They say time is money  
And all the money's gone  
One of these days you'd miss my song  
To hell if I'm right and to hell if I'm wrong  
One of these days you wish you wouldn't done me wrong  
I say one of these days you wish you wouldn't done me wrong
