Eaves

Mmm I saw the river, just pulled him down
I knew the man who hunted him down
We watched the river take him away
Before he died I could've swore he said
Umm I am the only one
Umm I am the only one
Umm I am the only one
Umm I am the only one left
Mmm tired and afraid lies a saddened man
Knelt beside him with head in hand
And escapes all the day with a lonely breath
But before he died I could've swore he said
Umm I am the only one
Umm I am the only one
Umm I am the only one
Umm I am the only one left
Who ever cared a damn 'bout you
I am sorry, I am sorry
I was wrong and I was wrong
And I've been wrong for way too long
And I am sorry that you're gone, yeah oh
Umm I am the only one
Umm I am the only one
Umm I am the only one
Umm I am the only one left
Who ever cares a damn 'bout you
I am sorry, I am sorry
I was wrong and I was wrong
And I've been wrong for way too long
And I am sorry
