Street Cafe

Icehouse

If there were no tomorrows
If there was just one more chance
I'd take it again, you know I'd take it againYou turn and it's gone forever
In time you forget
You know that's love, it's only loveAnd no matter where the days have left you
Everyday ends at the street cafe, the street cafe
And no matter where the road may take you
Everytime it brings you back to the street cafe, it's where you have to beStreet cafeWell the people may come and go but
Here the street and the scene is just
The way that it was, the way that it wasNo, nothing will ever change here
Maybe a smile reminds you
Now and again, you wonder now and againWhen another night will take you nowhere
You go down to the street cafe, the street cafe
And any time you know the crowd can hide you
The days end at the street cafe, yeah, the street cafeYou turn and it's gone forever
In time you forget
You know that's love, you know it's only loveBut no matter where the days have left you
Every day ends at the street cafe, the street cafe
And no matter where the road may take you
Everytime it brings you back to the street cafe, yeah, the street cafeNo, no, no matter where the road may take you
We'll meet again someday
You know we'll meet someday, someday at the street cafe
