

Head First

The Babys

Well the first time that I saw you
You looked down and out
And I had my doubts about you
But baby since I've come to know you
I ain't got no doubts what it's about
Me and baby we're going out tonight
She's gonna treat me right, oh yeah
Me and sugar we've got it all sewn up
She fills my loving cup
We're going head first
Well the second time that I saw you
Boy you'd really improved
I was really moved
How I wanted you
I'm knocking at your door
To see if you're alone tonight
'Cause I need some more
Of what you got
Me and baby we're going out tonight
She's gonna treat me right, oh yeah
Me and sugar we've got it all sewn up
She fills my loving cup
We're going head first
Baby baby baby
Take me in your arms and love me
'Cause you know what I am anyway
You got me on my knees
I'm gonna say please if you want me
'Cause I want you so
I'm never gonna let you go
Me and baby we're going out tonight
She's gonna treat me right, oh yeah
Me and sugar we've got it all sewn up
She fills my loving cup
We're going head first
Me and baby we're going out tonight
She's gonna treat me right, oh yeah
Said me and baby we've got it all sewn up
She fills my loving cup, oh yeah
Me and baby
Me and baby gonna rock and roll
She fills my loving cup
It's gonna be alright
Me and baby we're gonna rock and roll
We're gonna rip it up
We're fallin' head first
