

# I Did

## Physical Therapy

Whoever needed you  
Well, I did  
Whoever wanted you  
Well, I did  
Who said she loved you  
More than anything  
And be true  
Well, I did  
Yes, I did  
Oh, how I did  
Who laid up many nights  
Crying for you  
Well, I did  
Oh, how I did  
Who was the fool  
To give so much to you  
Well, I did  
Yes, I did  
Oh, how I did  
Who said she loved you  
More than anything  
And be true  
Well, I did  
Yes, I did  
Oh, how I did  
If anyone on earth could make me happy  
Baby, you could  
And if we had a chance and who would wait forever  
Honey, you know I would  
Who said she loved you  
More than anything  
And be true  
Well, I did  
Yes, I did  
Oh, how I did  
Who said she loved you  
More than anything  
And be true  
Well, I did

Yes, I did  
Oh, how I did
