I'm Good

Bucky Covington

I got my eye on the deacon's daughter
But I'm diesel fuel and she's holy water
She don?t like boys that drink cuss and chew
That?s why I'm here, Lord callin' on You
I know I ain't been livin' like I ought to
Lord, I swear that she could make me want to
Maybe askin' You for more than I should
But just give me this girl and I'm good
That four wheeler would have sure been dandy
A bigger boat would have come in handy
But I'm so glad that you held out on me
'Cos now I see what I really need
I know I ain't been livin' like I ought to
Lord, I swear that she could make me want to
Maybe askin' You for more than I should

But just give me this girl and I'm good
Yeah baby, c'mon
Just one time
C'mon Lord, here we go
I know I ain't been livin' like I ought to
Lord, I swear that she could make me want to
Maybe askin' You for more than I should
But just give me this girl and I'm good
I know I ain't been livin' like I ought to
Lord, I swear that she could make me want to
Maybe askin' You for more than I should
But just give me this girl and I'm good
Lord, just give me this girl and I'm good
