Sweet Cherrie

Ub40

I`ve got to find sweet cherry
She`s gone away from home
I`ve got to find sweet cherry
She`s left me all alone
(chorus)
Cherry, cherry,
Don`t go and leave me alone
Don`t go and leave me alone
My thoughts are always with you
The emptiness leaves me blue
If you should ever desert me
Then life deserts me too

(chorus)
Cherry, cherry,
Don`t go and leave me alone
Don`t go and leave me alone
When we were together, downtown
We would do things together, downtown
The first place I met you, downtown
There we could always be.
(chorus)
Cherry, cherry,
Don`t go and leave me alone
Don`t go and leave me alone
