Never Be Alone

Simian

Poor old forgotten fool do you have to do what you do?
I agree that it hurts no one but you
But don't you think it gets us down to see your long sad frown?
We truly believe you'd be better off with usSo come, come to the land where anything belongs
No one else will let you know the truthBecause we are your friends, you'll never be alone again
Well come on, well come on, well come on, well come on
Because we are your friends, you'll never be alone again
Well come on, well come on, well come on, well come onTake your time to decide and keep thought far from your eyes
Too many have failed to get this far
But don't let it get you down we're doing all we can
We truly believe you're lovely when your hereBecause we are your friends, you'll never be alone again
Well come on, well come on, well come on, well come on
Because we are your friends, you'll never be alone again
Well come on, well come on, well come on, well come onNever be alone again
Well come on, well come on, well come on, well come on
Well come on, well come on, well come on
Yeah, yeah, yeah
