Chance of a Lunchtime

Captain Everything!

And I
Was thinking
About the things you said to me
Was it all just a lie anyway?
You know that
I'll try to be
The best that I can be
If it's not good enough I know why
It gets hard sometimes
You think everything's fine
But it still
All goes wrong
It gets hard sometimes
I thought everything was fine for too longAnd I
Was thinking
About the things you said to me
Was it all just a lie anyway?
You know that
I'll try to be
The best that I can be
If it's not good enough I know why
It gets hard sometimes
You think everything's fine
But it still
All goes wrong
It was hard sometimes
I thought everything was fine for too longLong
