

# Wishing On The Same Star

Myra

It's so hard to leave you  
I don't really wanna go  
I don't wanna say goodbye to you  
It's the last thing I wanna do  
But I won't be sad now  
'Cuz 'til you're in my arms again  
You'll be inside of my heart  
And wherever I go we'll never really be apart  
We'll be wishing on the same star  
Looking at the same moon  
When you're thinking of me, baby  
I'll be thinking of you  
And no matter where I go  
I will be there with you  
Wishing on the same star  
Lookin' at the same moon  
It's not really over baby, it will never be  
Long as you keep me in your heart  
I'll be there anywhere you are  
And when you feel sad  
Remember all the love we shared  
And when you're feelin' alone  
Well, just look up in the sky  
Oh, and baby, so will I  
We'll be wishing on the same star  
Looking at the same moon  
When you're thinking of me, baby  
I'll be thinking of you  
And no matter where I go  
I will be there with you  
Wishing on the same star  
Lookin' at the same moon  
No matter where you turn around  
It's the same sun that keeps shining down  
Wherever we'll be, I know that we'll be  
Wishing on the same star  
We'll be wishing on the same star  
Looking at the same moon  
When you're thinking of me, baby

I'll be thinking of you  
And no matter where I go  
I will be there with you  
Wishing on the same star  
Lookin' at the same moon
