

# Nice People

## The Like Young

Well, you certainly are nice people  
Yeah, you certainly are nice people, nice people  
Certainly are nice people In your white ass suit and lion tattoos  
In your white ass suit and lion tattoos  
You've seen it all, seen it all, pale horse  
Licks your skin, begin, begin, begin, begin, begin, begin Well, you certainly are  
You certainly are nice people  
You certainly are nice people, nice people In your white suit and lion tattoos  
In your white suit and lion tattoos  
You've seen it all, seen it all  
Pale horse licks your skin
