

# Signal Signal

## Common Rider

Seems like he had to wait a long time  
before he gathered any answers  
By the time they came, he was just about down  
Saw him looking in the schoolyard  
in the churches and the poolhall  
Trying to find an exit from desolation town  
Halcyon nights and radio waves  
Signal Signal Signal  
Never fade away  
The day that he heard it he was looking in the mirror  
There were no more threads, there was no more help  
And he knew without doubt  
that the Classics of Love would not come from some bright star above  
but would only be delivered through his own self  
Chorus
