

# Corrupted

## Sepultura

Your right, your will  
To vote, to kill  
Your world is ill  
Solutions to our crimes Don't make me feel like shit  
Insult my mind, attack my life  
Don't ever try to fuck with me  
Corrupt my mind, control what's mine War news, war secrets  
War lies, war motives  
War reasons, war crimes  
War heroes of our time Corrupted, insulted  
Corrupted, insulted Don't make me feel like shit  
Insult my mind, attack my life  
Don't ever try to fuck with me  
Corrupt my mind, control what's mine Corrupted, insulted  
Corrupted, insulted Your right, your will  
To vote, to kill  
Your world is ill  
Solutions to our crimes Don't make me feel like shit  
Insult my mind, attack my life  
Don't ever try to fuck with me  
Corrupt my mind, control what's mine
