Boyfriend

One Voice

You wanna be my boyfriend
You know you're not ready
You wanna be my boyfriend
You know you can't hangYou wanna be my boyfriend
You know you're not ready
You wanna be my boyfriend
You know you can't hang
You can't hangI think you need to hold up
And take a good look at yourself
Boy, you know you're finish true
But I'm talking 'bout something elseYou need to have a strong mind
I need a man that's got it going on
Elevate yourself inside
I think you know that I know
(Know, know)You wanna be my boyfriend
You know you're not ready
You wanna be my boyfriend
You know you can't hangYou wanna be my boyfriend
You know you're not ready
You wanna be my boyfriend
You know you can't hang
You can't hangI think you better hold on
And check yourself before you wreck yourself
You're all that and more
Just tell me what you're waiting forYou need to come wit it
If you ever wanna be wit me
I know what you need
So, let the truth set you freeYou wanna be my boyfriend
You know you're not ready
You wanna be my boyfriend
You know you can't hangYou wanna be my boyfriend
You know you're not ready
You wanna be my boyfriend
You know you can't hang
You can't hangGotta be, gotta be, gotta be
A real, real, real
when you step to me, a manGotta be, gotta be, gotta be
A real, real, real
When you step to me, a man

A real, real manWhen you step to me
A real, real man
When you step to me
A real, real manWhen you step to me
You gotta treat me
You gotta treat me
You gotta treat me, right
