# Going In With My Eyes Open

## [David Soul](...)

You smiled that misty way
And something in me said
Remember the last time don't fall in love
I walked so blindy in
I fell and hurt my head
I can 't forget it but I won 't regret it
I couldn 't even stop it if I triedOnly this time I'm going in with my eyes open
I won 't make the same mistakes again
This time I'll see the signs and no hearts broken
Won't be so blind and loose my wayYou 'd be so nice to love
Don't let it end the same
If you get uneasy, just let me know
Don 't lie or call me by
Somebody else's name
I couldn 't take it
I know it would break it
And I wanna give you everything I am.
