

Hail Hail December

Zodiac Death Valley

hai hail december
come forth your gains and losses
mark this time on your calendar
the harvest has ended

in the fields the people dance, so close , ah they're dancing so close

gather all of gods children in the rain in the rain
ash and blood turn to mud
the rhythm our bare feet will sustain
Osiris' green skin, another season
oh we'll make another season i know!

break

hail hail december
here's to carving out some new sin
kill kill the scavengers
you better hand over what you can

me and my love, oh we're gonna make it
we're gonna make it i know!

hail hail december , hail hail december
i got you right now!!!

so close
so close
