

# My Everything

## Kontiki

intro...40 sec..

verse #1

i remember the way i used to love you....u was popular...i used to write you notes in school...then when we graduated our love had some backbone. i felt sooo special u wished me to come into your home. now ive calculated that we've been together since our younger years and through the obstacles of life we are still together here. so what else is there to fear..( ohh yeaa)

chorus: 1x

will u be my lifetime partner.? my wife, my childrens mother.? my everything cuz i knoe u can. and ill be your man..( and ill be your man )

verse #2

you've always been my solid someone. you aint go nowhere but i dont wanna lock u down. your free to do what you want jus remember who loves u. ( ohhhhh ) . i jus wanna make things between u and me tight... i heard a woman...show a man the beauty of life and by me knowing you i know that is right

chorus: 1x

all i need is your trust in my heart to keep me right..the only one i want on my side..cuz ur always on my mind

chorus: 1x

your the best thing in my life..i need u for my wife..love u cant deny..i need u by my side

chorus: 2x
