

Mindtrip

Zebrahead

Take a trip in your mind, open up and find

Women don't try to color in a black and white view
When reason inflicts, jealousy and theft
Reaction is all you can do, jumped from behind
Open up your mind, see what the fuck you can do
'Cuz it's a mindtrip it's a mindtrip comin' on
It's a mind trip, it's a mindtrip
'Cuz it's a mindtrip it's a mindtrip comin' on
It's a mind trip, it's a mindtrip
Lend out your ears, intelligence sears
Ignorance is bread from the room 'cuz your fascist eye
You thought to cry, everyone's here to make room

Sit in the back and rub on your cock
Looking for something that's new, jump from behind
Open up your mind, see what the fuck you can do
'Cuz it's a mindtrip it's a mindtrip comin' on
It's a mind trip, it's a mindtrip
'Cuz it's a mindtrip it's a mindtrip comin' on
It's a mind trip, it's a mindtrip
Back to the front, to the front, to the front
Back to the front, to the front
Back to the front, to the front, to the front
Back to the front, to the
