Now And Then

Charley Pride

Now and then if I could just see you just enough to get me through
Get me through the times when I need love take me in now and then
Now and then hold me in the night just enough to get me by
Get me by when I feel so alone take me in now and then
Now and then I need the kind of love and the kind of love you give is all I'll ever need
All I need is showing me you care and knowing you'll be there to believe in meNow and then if I could count on you just enough to see me through
See me through the times when I need love take me in now and then
Now and then I need the kind of love...
Now and then now and then
