

# She's Not Me - Pt. 1

Zara Larsson

She doesn't love you, like I do  
She doesn't have my name  
How ever she tries, to act like it  
She'll never be the same  
But she's new, she's beautiful  
You've never been in a fight  
Oh yeah, It's awfully perfect now  
But you just know deep inside She's not me  
She's not me  
She's not me  
Baby, she's not me Does she make you feel wanted, like I did  
Make you feel like you're the one thing that matters  
You let her head rest on your chest,  
But when you close your eyes  
You'll be seeing my face again  
I'll be crossing your mind  
You'll be dreaming of places we went  
And then you'll wake up to find That she's not me  
She's not me  
She's not me  
Remember, that she's not me (yeah) Mm, oh, yeah  
She's not me  
She's not me
