

Till the Sun Goes Down

NAN

26th of December is a silly summer party I hope you remember we have places to go I think we need a lift to the
T.K.I. Let's go to the coast P.S. J here we come Movers and shakers at the back of whose truck Thinking of hitch
hiking Hope we don't get stuck And if we're gone too long They'll know we're having fun I got my drum sticks
on the side of my thigh I can play until I get there I know I won't get bored And you can bring your friends
and They can all play along Bring your keys and drums, strings, guitars You know what's going

down Chorus we'll play until the sun goes down
till the sun goes down we'll play until the sun goes down
don't say I didn't tell

if you were left behind your loss. Verse 2 I'm not taking no for an answer I'd rather pull you by your clothes and I
won't stop nagging until you say yes come on now be very adventurous join me because I know you love
adventure and I know you love action. now it's time to put your attention on doing what you love to do with no
hesitation eh h h h h. you can play until you get there you know you won't get bored and you can bring your friends
and they can all play along. your mallets, percussions, cymbals, harps you know what's going down chorus we'll
play until the sun goes down until the sun goes down we'll play until the sun goes down don't say I didn't tell if
you were left behind Bridge Bring the music to life let's play

We don't have all day
We'll be singing and dancing
Twisting and sliding
Volleying our troubles away cars will be jammed
that's how packed it's going to be
the early bird enjoys it all
and you'll miss everything we're here to play
to play all day
all day we play we're here to play
to play all day
all day we play

till the sun goes down we're here, we're playing and we're not bored and every one is screaming "play along!
play along!" baritone, tenor, alto, soprano turn the stage upside down Chorus let's play until the sun goes
down we'll play until the sun goes down we'll play until sigida kushon'ilanga
sizogida kushon'ilanga heya heya heya a a a h h h
