

# Kiss It Goodbye

## Black Lips

Kiss it goodbye-ey-ey-ey  
Kiss it goodbye-ey-ey-ey  
What you waitin' for an  
opportunity tonight.

Come on it's at your door  
You're crazy if you leave it  
locked.

You know you gotta let it in  
and finally I know it too. The  
questions what it's always been,  
so what are you gonna do?

(low) Another chance

(low) I'll Understand

(low) If you're coming hello.

Kiss it Goodbye (If here ain't holdin' you back)

Kiss it Goodbye (Your little panic attack)

Kiss it Goodbye (I, I, I did it and it's OMG)

I'm a Different girl

Kiss it goodbye-ey-ey-ey

Kiss it goodbye-ey-ey-ey

You procrastinate the world,

It's gonna pass you by.

Already runnin' late it's

either runnin' bad or fly.

You Crash into the ground and  
have you pick yourself up and laugh

You keep on shootin' for the  
Stars what other chance do you  
have?

(low) Another chance

(low) I'll Understand

(low) If you're coming hello.

Kiss it Goodbye (If here ain't holdin' you back)

Kiss it Goodbye (Your little panic attack)

Kiss it Goodbye (I, I, I did it and it's OMG)

I'm a Different girl

Kiss it goodbye-ey-ey-ey

Kiss it goodbye-ey-ey-ey

Kiss it goodbye-ey-ey-ey  
Kiss it goodbye-ey-ey-ey  
Kiss, Kiss, Kiss it all Goodbye-Bye  
Kiss, Kiss, Kiss it all Goodbye-Bye  
Kiss, Kiss, Kiss it all Goodbye-Bye  
Kiss, Kiss, Kiss it all Goodbye....

Kiss

Yeah, Yeah

Kiss it all Goodbye-bye

(Bye)

Yeahhhhhh...

Kiss it Goodbye (If here ain't holdin' you back)

Kiss it Goodbye (Your little panic attack)

Kiss it Goodbye (I, I, I did it and it's OMG)

I'm a different girl

(Kiss, Kiss, Kiss, Kiss)

Kiss it goodbye-ey-ey-ey

Kiss it goodbye-ey-ey-ey

mmmm....

Kiss it goodbye-ey-ey-ey

Kiss it goodbye-ey-ey-ey
