

# Blast

## Wize Guyz

I slashed and burned through my 15 minutes of fame  
And now it's time for me to extinguish the flame  
But that's alright cause I wouldn't have it any other wayI had a blast  
I had a blastOn an ounce of talent (?) my (?) into the ground  
And then I stood and watched as the others wore the crown  
But that's alright cause I wouldn't have it any other wayI had a blast  
I had a blastI had a blast  
I had a blast  
I had a blast
