## Twista

Heeeeeey

[number] inches of straight stupid, straight ignorant  
dope funky stuff for ya, baby  
So turn up your radio and get down to the Tung Twista  
Kick it, gee  
Let the Cavalier Tung kiss ya, it's the Mista Tung Twista  
Pumpin a rhythm, a lyrical styler  
My tongue'll be flingin a funky pile of  
Lyrical rhymes that's breakin em off in the mind, I be flowin em  
holy, I'm  
Kickin the funky Islam, my lyricals slippin em like petroleum,  
slowly I'm  
Pumpin the flow of the lyric, I'm breakin em off with the  
radical texture  
I'm one brother you could never get next ta  
Flex your style, I'm gonna give em a lyrical pump of the rhythm  
of Cav  
And crackin em up with the word of the wise  
I be bringin em up in the flow of the funky dialect  
I elect a flow for suckers that try a wreck  
I spark the light of a head and be wakin em up and then cause a  
fly effect  
I insist ya lay with the path of my rhythm and follow me like a  
scripture  
Flowin this from my lung, a tongue twister  
Mista, my style'll be makin a dent and be leavin the tracks bent  
Steppin is the lyrical black gent, my Nubian accent  
Breakin em up and then makin em take in the smell of my funk I  
be kickin up in em  
And then I'ma give em a lick of my lyrical lollypop, I'm gonna  
bring em into my doctrine  
Rock, then the rhythm'll makin the clock spin blackwards  
The funk of the rhythm'll snap, crackle and pop, then flow, oh  
I'm makin em follow the path of a God and my track'll be blacker  
than Cocoa  
This lyric I'm makin is dope, don't call it so-so  
Don't dis the Tung Twista

Leavin the suckers soft as a whisper, Tung kiss ya like a sister  
Then I'ma let it be known that it's the way that I throw  
That's makin the funk of the lyrical glow  
And how I tell it, yo Cav is kickin a funkadelic flow, and oh,  
my fist'll  
Swing at the rhythm of suckers, then I'm gonna give em a Tung  
blister  
It's the Mista Tung Twista

Check it out  
Kick it again  
My tongue is spinnin  
I follow with Allah and the Father be stoppin the Cavalier from  
sinnin  
The lyrical rhythm beginning and then in the endin  
I ratatattat tactics, give em black kicks  
Flow of the lyric I'm pumpin and rappin em up is dope as a crack  
fix  
Wack? It's - funky, I'm greater  
Never to step at the lyrical dictator, a state of  
Shock is what I put a sucker into, then to mentally  
Go with the smell I be stylin, gee, funky is what the scent'll  
be  
Harmin this? Uh-uh, the Cavalier's kickin my charm in this  
Simply because I'm in this, I'm as dope as a pharmacist  
Calmin this? Hype as a rattle be shakin and rippin the rhythm  
And breakin up into a sweat, I be workin the lyrical servin a  
sucker  
So never come near a, lyricist Cavalier - ah  
Rock the flow of the lyrical rhythm be shinin like a mirror  
Hear a sucker step at the Twist, ya gotta be goin like this to  
beat me  
  
The funk of the lyric will flow from me like peepee  
You caught a work of my tongue as I be flow flowin like water  
Crackin em up with a flow and sort of slaughter I oughta  
?? I'm bracin Nubian nations, race and chasin  
My tongue your tastin, a quick pace and facin lyrical wastin  
Tungs'll be cut like Jason, racin  
Tung Twista rocks, your lip'll lock  
My tongue'll be makin a tick tick or tick tock to Nubian hip-hop

Flip-flopped, a flow when I wrote this  
Kickin and makin some hocus pocus, focus  
Tongue will be flippin just like this I'ma locus  
Givin a diagnosis for Twisterosis  
Crackin a mouth and them makin em ache I'ma put em up into a  
coma

You're sniffin dope aroma  
I'm blendin  
I'm able to break up a sucker that you might send in  
The funk of the lyrical rhythm beginnin  
Spinnin the suckers around like a dollar  
Be makin em holler kickin the funk of a lyrical scholar  
I pray to Allah, I'm makin this funky like I'm a hobo  
Throw better than bolo, ya thinkin that he can battle my solo  
Just say oh no cause that's a no-no  
When I be smellin the funk of my flow, jo  
I'm pumpin this up and breakin this in with a lyrical, then say  
haha

Take titles, then say ta-ta  
I'm rippin a rap and then rockin a rhythm and ring in my tongue  
I'ma bend em  
And flow with a lyric it's steppin inside em  
And get with the funk I be pumpin up in em  
With this and it's the

The Boogiemán was speaking, he said, what's up Mista Twista  
Don't you know that Nubians ain't never supposed to whisper  
Talkin behind my back is makin it seem like it's a rumor  
So tell me fact to face when you can decide to come to Juma  
Don't say your name backwards because you don't like Cav  
Played to the left by def and I'm gonna eff up the right half  
The sucker descendant of Canaan, I'ma let my pizzazz wreck  
I'm speakin this to the devil that calls his self an Aztec  
You ain't a Puerto-Rican, know what I'm speakin, Islam you're  
seekin

You might as well open the doors of a church and become a deacon  
Don't step to me, speakin the pep to me about what your rep'll
