

# Gonna Get A Life

**Mark Chesnutt**

Gotta find somethin' to ease my mind  
Gotta get it off of you  
You tear at my heart strings one more time  
With what you're puttin' me throughI'm not much on hangin' 'round  
Where I'm not wanted at all  
I'm not gonna be your love sick clown  
Waitin' for your beck and callI'm gonna get a life  
That's what I'm gonna do  
So startin' now  
You can find one tooI'm gonna get a life  
Like I should have done  
A long time ago  
Before you wrecked this oneThis'll be the last time you spin your wheels  
Leaving like a maniac  
You don't care about the way I feel  
There's no need in comin' backI'm gonna get a life  
That's what I'm gonna do  
So startin' now  
Well, you can find one tooI'm gonna get a life  
Like I should have done  
A long time ago  
Before you wrecked this oneI'm gonna get a life  
That's what I'm gonna do  
So startin' now  
Well, you can find one tooI'm gonna get a life  
Like I should have done  
A long time ago  
Before you wrecked this oneYeah, I'm gonna get a life  
Before the gettin's done
