Life ain't a gift.
You've grown up in the shit like most of us, mate.
You feel like dreaming awake.
You're staying distant from the man that you really are.
It's hard to swallow the pill, right?
I know.
You would have loved to deal with, without any problems.
Hey mate, we can see you through your fucking bubble.
Why can't you see the people right before your eyes?
You need a cure, a remedy to fix this all.
A remedy to your pain.
You're sleeping awake,
Dreaming eyes opened.
You do behave just like all these fucking sheep.
You hate it. God ain't a shepherd. You followed the wolves in their den but you're just a lamb,
Like lost in the woods.
The world will turn,
With or without you my friend.
We're only passengers.
We live then we die.
You're only wasting your time. You better wake the fuck up.
You're sinking a little bit more in the depths of the mirage.
Do you wanna run away from this hell?
You need a cure, a remedy to fix this all.
A remedy to your pain.
You're trying to fit in this world where you live but you're feeling like an outsider.
Just wake up. That's a dream.
You are dreaming your eyes wide open.
What's the fuck? Wake up.
That's a dream.
You are dreaming your eyes open of your life.
Wake up mate, that's a dream.
You are dreaming of your life.
Wake up
What's the fuck?
Wake up mate.
Wake up mate, that's a dream.
You are dreaming of your life.
Wake up

What's the fuck?

Wake up mate.
