Gametime

Quadeca

Man you know that is not them but the truth, no I ain't lyin', no i ain't lyin'
And we'll be playin' this life and you know that is gametime, motherfuc**r this is gametime
I could get a dope beast and spend a hot shit at the same time, at the same time
I can know I break a nation, make mistakes, and make my case and basically the same line
I got like a million bitc**s that wanna stop me, ah, man this bitc**s wanna stop me
They could take a billion pictures of fuck*n' coffee, yeah, put your starbucks down bit*h
