

# Party (feat. Gucci Mane & Usher)

Chris Brown

I just need one more dance  
And girl I hate this feeling but it's not going away  
I think I'm in love with you  
And I can't help myself  
'Cause this may be the only chance I've got with you  
And I know you gon' show out She likes all them stripper poles  
Like taking off her clothes  
And when you work that girl, you stop my heart She's got the perfect lips, the perfect body  
She's the life of the party and she likes to party hard  
She's such a rock 'n roller but exotic  
She's the life of my party, she likes to party hard  
She's spilling your drinks on me, living wild and free  
Tonight girl change my life  
I hope you put your lips on me  
My mind's playing tricks on me  
Tonight we gon' party hard I see straight through your eyes  
And girl your might as well just say what you're already thinking  
'Cause we're on the same page  
Take me to ecstasy and far beyond  
Show me how you're having fun baby  
And girl we got all night She likes all them stripper poles  
Like taking off her clothes  
And when you work that girl, you stop my heart She's got the perfect lips, the perfect body  
She's the life of the party and she likes to party hard  
She's such a rock 'n roller but exotic  
She's the life of my party, she likes to party hard  
She's spilling your drinks on me, living wild and free  
Tonight girl change my life  
I hope you put your lips on me  
My mind's playing tricks on me  
Tonight we gon' party hard Can I take your hand, yeah now  
Can I have a dance with you  
And when we touch, it's like magic and fire She's got the perfect lips, the perfect body  
She's the life of the party and she likes to party hard  
She's such a rock 'n roller but exotic  
She's the life of my party, she likes to party hard  
She's spilling your drinks on me, living wild and free  
Tonight girl change my life  
I hope you put your lips on me

My mind's playing tricks on me  
Tonight we gon' party hardIn my Cadillac movin' very fast  
Got a girl with a big ol' ass  
And we go ho hunter  
Gonna have a good time  
Anything she want, she can get it  
'Cause my girl, she be with it  
And I want her for the rest of my life  
I love to hear her say  
That she loves me  
I love it when she tells me she needs me  
When she looks in my eyes (ooh ooh)  
It feels like I'm high (ooh ooh)  
Whoa ho hoIt don't take a lot, all I need is you  
To be the man for me  
But I want it all and I'm willing  
To give you what I need  
Baby I ain't scared to show you the freaky side of me  
Sometimes I fight you off but I love it rough  
When you make love to me  
I love it when he say that he love me  
And I love it when he tells me he needs me  
When he looks in my eyes (ooh ooh)  
It feels like I'm high (ooh ooh)  
Whoa ho ho
