Skin Deep (Album Version)

Trapt

This attraction only to appearance
Becoming your religion looks are everything, the only thing that means something to youSatisfaction only on the surface your eyes are always focused
Don't wanna let it show that there is no accept ion to the ruleSo fill the empty space with another pretty faceYour skin deep skin deep
No one will ever be perfect in your eyes
Skin deep skin deep always scratching the surface for your prizeFirst impressions are over in an instant
You make your decision before you speak a word you end your search the page or any turn?
Every conquest filled with disappointment lacking any substance
now your out of words the lines are blur your never gonna learnSo fill the empty space with another pretty faceSkin deep skin deep no one will ever be perfect in your eyes
skin deep skin deep always scratching the surface for your prize [Repeat: x2]Look all your life for beauty this fine
So rare, so hard to find
Look all your life for beauty this fine
No mind what's insideYour skin deep skin deep no one will ever be perfect in your eyes
skin deep skin deep always scratching the surface for your prize [Repeat: x2]
