

Whoop

Holly Valance

Oh

Uh

So here we are boy I can tell by just your look you're hooked
You want to get with me I think you have mistook the time
The time is not now, not tomorrow, no why
Don't want another here's why

You're like a broken record
Play another tune baby
Ah
Those creepy lines
Never get me in the groove baby
Ah

You're just a whooping it up
Whoop
Whooping it up
I, I don't, I don't need a man to have fun
You're just a whooping it up
Whoop
Whooping it up
I, I don't, I don't need a man to have fun

I admire your resistance
But I am not the catch
And that's exactly how it is
That's where it is at
I am in the music
With my girls yeah it's our time
We'll be rocking all night

You're like a broken record
Play another tune baby
Ah
Those creepy lines
Never get me in the groove baby
Ah

You're just a whooping it up

Whoop
Whooping it up
I, I don't, I don't need a man to have fun
You're just a whooping it up
Whoop
Whooping it up
I, I don't, I don't need a man to have fun

You're like a broken record
Play another tune baby
Ah
Those creepy lines
Never get me in the groove baby
Ah

You're just a whooping it up
Whoop
Whooping it up
I, I don't, I don't need a man to have fun
You're just a whooping it up
Whoop
Whooping it up
I, I don't, I don't need a man to have fun

You're just a whooping it up
Whoop
Whooping it up
I, I don't, I don't need a man to have fun
You're just a whooping it up
Whoop
Whooping it up
I, I don't, I don't need a man to have fun
