

Alfred The Great

Cherry Ghost

15th heir to the ball and chain
House full of hungry kids to his name
Everything to lose and nothing to gain
Long reign Alfred, the great Touched his toes down the company store
Scrubbed till he see his face in the floor
Lost his place to a foot in the door
Long reign Alfred, the Great He never been too good with words oh no
Said you don't need a Doctor
You don't need a Doctor to show It's a hard, hard road
When your folks ain't cracked the code
And your tears don't put food on the plate
Alfred, the great, watch out Ever get the feeling you been stitched up?
Textbook case of bad, bad luck
There's a hole in your bucket and cracks in your cup
Long reign Alfred, the great Touched his toes down the company store
Scrubbed till he see his face in the floor
He ain't gonna dance for the suits no more
Long reign Alfred, the great He never been too good with words oh no
Said you don't need a Doctor
You don't need a Doctor to show It's a hard, hard road
When your folks ain't cracked the code
And your tears don't put food on the plate
Alfred, the great, watch out It's a hard, hard road
When your folks ain't cracked the code
And your tears don't put food on the plate
And the rent won't wait, oh no It's a hard, hard road
When your folks ain't cracked the code
And your tears don't put food on the plate
Alfred, the great, watch out
Food on the plate
Alfred, the Great, watch out
