Coachella

Brooke Fraser

Before a neon night's lighting
I'm right beside you
The fire in motion
The fire in motion
The desert sun sinking
Sleepy and low
But we're just waking
We are waking
River time is a mountain tonight
Before tomorrow she flows on
Carving valleys in the skin on our faces
I am bright as the sun
You are high as a kite
We are daughters, sons
Brothers and sisters tonight
At Coachella, Coachella
Come on now, darling
Let's shake off these blues
I'll let my hair out
You'll slip off your shoes
I feel like a baby
Newborn in the spring
I'm setting down the sadness
And I won't remember it
When I'm bright as the sun
And you are high as a kite
And we are daughters, sons
Brothers and sisters tonight
At Coachella, Coachella
I'm a warm bleeding heart
You're a generous soul
And I love you though
I'd never met you before
To Coachella, Coachella
We are standing on the shore
In the smoke, in the starlight
On the edge of a human sea
And the tide is in
I am bright as the sun

You are high as a kite
We are daughters, sons
Brothers and sisters tonight
At Coachella, Coachella
I'm a warm bleeding heart
You're a generous soul
And I love you though
I'd never met you before
To Coachella, Coachella
Coachella
