Stomp

[Billy Ray Cyrus](#)

Chorus:
The more you stomp in shit
The more it stinks.
At least is what my daddy said he thinks
Ride along, I just gotta take your game
Cause the more you stomp in shit, the more it stinks!
My mother told me such a long time ago
Be careful where you walk, and keep your eyes on the road
Don't share no secrets, spread no lies
Don't you be a beggar, .no alibis
Because the more you stomp in shit,
the more it stinks!
The more you stomp in shit
The more it stinks.
At least is what my daddy said he thinks
Ride along, I just gotta take your game
Cause the more you stomp in shit, the more it stinks!
I said the the more you stomp in shit
The more it stinks!
At least is what my daddy said he thinks
Ride along, I just gotta take your game
Cause the more you stomp in shit, the more it stinks! (x2)
I said the the more you stomp in shit
The more it stinks!
