

My Favorite Girl

Dave Hollister

I'd like to dedicate this right here to my favorite girl
I know I haven't been the most perfect man ever
But I love you, God knows I do
Ooh yeah, why, why
What's wrong with your shady ass?
You're waking me up early in the mornin' still yawning
Don't you know a nigga half sleep?
So why the hell you keep on paging me?
I told you once before, I'm goin' say it once again
Don't you call no mo', my girl is lying next to me
Do you think this is a game, why you testing me?
You keep on stressing me
Can't keep calling me, all night long just constantly
Interrupting can't you see, I'm with my favorite girl
What's that shit you on talkin' 'bout my baby's mom?
She's here laying in my arms, she is my favorite girl
I saw you around my way
Riding by my crib just the other day
The order of protection was restraining me
I couldn't take the chance of someone naming me
You tryna' frame me, leave me alone
Callin' me and hanging up 'cause wife's home
How'd you get my number in the first place
Cause it ain't even listed under my name
You call me and you're telling me
That you wantin' me and you needin' me
'Cause you lonely and you can't see
How I could be with another B I T C H
And that she could never be my wife
Why can't you see it wasn't meant for you to be with me
(You're so damn crazy, girl)
You're crazy girl, to think that I would ever leave my, baby
My lady, the only one, who was there for me?
Who cared for me, my destiny
Who knows the things that's best for me?
But you can't see it's ecstasy
Will always mean the world to me
