Desperate Heart

Rainbow

Yesterday, you were here by my side
Nothing to prove and nothing left to hide
You promised me there would be no goodbye
But now I find, another set of liesBabe you must be crazy
How could you be so blind?
Why would you deceive me?
Now you're saying that you're leaving me behindSo strong, I'm not gonna run away
Want you to know that I'm gonna break through
How long can I go on this way?
There's nothing I can doDesperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face realityDid my best did the best that I could
It's all been wasted just misunderstood
You keep on talking
Your words are sounding so smoothWhy don't you say it
You just want to cut me loose?
Oh, don't say that you love me
Don't want to hear that you triedOh, don't tell me that you need me
Don't want to hear none of your alibisSo strong, I'm not gonna run away
Want you to know that I'm gonna break through
How long can I go on this way?
There's nothing I can doDesperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face realityDesperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face realitySo strong, I'm not gonna run away
Want you to know that I'm gonna break through
How long can I go on this way?
Tell me, what can I do? Nothing I can doDesperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face realityDesperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face realityDesperate heart, desperate heart
Desperate heart, desperate heart
