Victorious

Elevation Worship

Your grace came for us
Your hope secured us
We'll never lose the love that You gave
The blood of Jesus
The blood that freed us
Has conquered death, and made a way

There is no condemnation for those in You
There's only freedom in Your Name

You've overcome, Love has won
Our God reigns, victorious
No other name has power to save
But Jesus Christ, alive in us

The power of Jesus, Your Spirit in us
Is strong enough to overcome

My shame is gone
My heart set free
Through Christ alone
You rescued me

You've overcome, Love has won
Our God reigns, victorious
No other name has power to save
But Jesus Christ, alive in us

We will overcome
We will overcome
Cause You have overcome the world
