

# Which Way To Free?

## Suicidal Tendencies

Free-can anyone show me the way to free  
Free-does anyone know which way is to freeI ain't here to doubt you, just heard so much about you  
Won't you save a place for me  
I hope you'll let me choose you  
I never would abuse you  
Please accept my sincerity[Chorus:]  
Free-I want you  
Free-I need you  
Free-which way is to free  
Free-I want to hold you  
Free-I want to know you  
Free-can you send me to freeAlthough some may deny you  
I'd really love to try you  
I need this opportunity  
My past has been divided  
My future I'll rewrite it  
Change my life if it need to be[Chorus:]Which way's it to free  
Which way's it to freeFree-can anyone show me the way to free  
Free-does anyone know which way is to freeGimme some free  
Which way's it to  
Gimme some free  
Which way's it to
