

Looking For Gold

The Tough Alliance

Tell me baby can I trust you
Do you understand my language
Could we be honest for a second
It's okay if you call me a bitch

All I know is that you want to show
Shout but still lay low
Looking for gold, baby where's that sold
That can't be bought or sold
Looking for gold baby that can't be bought or sold

Papadapapadada

Tell me baby what you're thinking
Would you please give me your number
Could you come on and get your colours
Would you catch me if I'd stumble

All I know is that you don't want it to show
Shout but still stay cool
Looking for gold, baby where's that sold
That can't be bought or sold
Looking for gold baby that can't be bought or sold

Papadapapadada
Papadapapadada

And tell me baby can you feel it
?

Tell me baby can you feel it
Why would you even bother

All I know is that you don't want it to show
Shout but still stay cool

Papadapapadada

Looking for gold, baby where's that sold
That can't be bought or sold

Looking for gold baby that can't be bought or sold

Papadapapadada

Looking for gold, where's that sold

Don't leave me out in the cold

Looking for gold baby that can't be bought or sold!

Papadapapadada
