

# Sanctity in Blasphemous Ruin

## Vital Remains

Welcome to my dwellings of unholiness  
Upheld, the blackest dreams... O' infernal bliss  
Tabernacles pleased and continuance lies in  
The innocents existence  
Come!  
Mighty Babalon, mother of Abominations  
Grant me the flesh, grant me the fear  
Grant me sanctity in ruin  
Down through the bowels of unholiness  
Upheld, the blackest deeds... O' infernal bliss  
I am he who is malevolence, raping the weary so diminished  
The Realization  
"A sanctity in blasphemous ruin; a perversity enamored divine  
Hallowed is my name, my crown of desires pierces the heavens  
Lucifer! Coalesce and feed, may the angles of the first become  
the substance of the third. This is my covenant, my legacy  
for the one true god I hail to is me  
Wrought in blood, writhing in your degredation  
Gods? Saviors? Icons of humility  
FEAR - FLESH - FATE  
Thus spake Zarathustra  
Defoliate the transluscent skin, once bethlehem,  
and serve amongst the fallen as a temple of utter carnality  
I am hunger, my will to power  
FEAR - FLESH - FATE
