

I Guess I Loved You

[Lara Fabian](#)

Now, tomorrow is all there is
No need to look behind the door, you won't be standing there no more
I had my chance to dance another dance
I didn't even realize that this was all love and no lies then I lost you
Why? I guess I loved you, oh, less, less than I should
Now all there is me and me, I turn around and all I see
The past where I have left our destiny, now
Now, tomorrow's a mystery
I cannot live without a dream vanishing from reality
I wanna know, would you come back to me?
Now that I finally realize you are my home

You are my life, I need you
Why? I guess I loved you, oh, less, less than I should
Now all there is me and me, I turn around and all I see
The past where I have left our destiny
Oh, I guess I loved you, oh, less, less, less, less than I should
Another time, another run, to mend both of our broken hearts
To tell you how much I can love you now
I, I guess, I guess I loved you
I guess I loved you, ooh
