

# So Far So Bad (Album Version)

[Leslie Mendelson](#)

Why do you always, always tell me something?  
When you're doing something else  
You say that we share everything  
When you're keepin' things to yourself What do you take me for, do you think  
That I get fooled so easily?  
These days run away from me  
When I think about Whatever you do I am always reminded of  
All we've been through  
And how I've been blinded 'til now  
I guess I've been had  
So far so bad Why do we keep things keepin' on  
When it's long gone?  
And we should knock it on the head  
Don't tell me to get back into bed, oh no Whatever you do I am always reminded of  
All we've been through  
And how I've been blinded 'til now  
I guess I've been had  
So far so bad Good has nothing to do with it  
And great doesn't even come near  
So bye, bye my dear Whatever you do I am always reminded of  
All we've been through  
And how I've been blinded 'til now  
I guess I've been had  
So far so bad Whatever you do now lately  
And all that you put me through  
I said whatever you do now lately  
What have I got myself into?  
I guess I've been had, been had  
So far so bad
