Where My Love Goes

Lawson

My love goes out of my heart and into the wind
Out my guitar and under your skin
Into your house and out of your headphones
That's where my love goesWherever you go, I'll follow
Don't worry about tomorrow
I will be in your shadow
Walking right beside you everyday
I'll be the one to save ya
When I put my pen to paper
Feels like it brings us closer
Even when you're so far awayBullet trains and aeroplanes
I can choose the easy way
So I'll send a signal just for youMy love goes out of my heart and into the wind
Out my guitar and under your skin
Into your house and out of your headphones
My love goes out of your door and into the street
Down through the floor and up through your feet
Into your car and out of your radio
That's where my love goesYou will never be lonely
Just relax and listen to me
I breathe the air that you breathe
I am always with you in disguiseBullet trains and aeroplanes
I can choose the easy way
So I'll send a signal just for youMy love goes out of my heart and into the wind
Out my guitar and under your skin
Into your house and out of your headphones
My love goes out of your door and into the street
Down through the floor and up through your feet
Into your car and out of your radio
That's where my love goesThat's where my love goes
Tell me, can you hear me now
I'm screaming out so loud
Oh, it goes out of my heart and into the wind
Out my guitar and under your skin
Into your house and out of your radioOh ohOut of my heart and into the wind
Out my guitar and under your skin
Into your house and out of your headphones
My love goes out of your door and into the street
Down through the floor and up through your feet

Into your car and out of your radio
That's where my love goes
Yeah, that's where my love goes
Oh oh
My love goes out of your door and into the street
Down through the floor and up through your feet
Into your car and out of your radio
That's where my love goes
