

# Up The Junction

## View

I never thought it could happen  
With me and the girl from clapham  
    Out on a windy common  
    That night I ain't forgotten  
When she dealt out the rations  
    With some or other passions  
    I said you are a lady  
    Perhaps she said I maybe  
    We moved into a basement  
With thoughts of our engagement  
    We stayed in by the telly  
Although the room was smelly  
We spent our time just kissin'  
    The runway arms we missin'  
But love had got us hooked up  
    And all our time it took up  
    I got a job with stanley  
    He said I'd come in handy  
    He started me on monday  
    So I had a bath on sunday  
    I worked eleven hours  
And bought the girl some flowers  
    She said she'd seen a doctor  
And nothing now could stop her  
I worked all through the winter  
    The weather brass and bitter  
    I put away a tenner  
    Each week to make her better

And when the time was ready  
    We had to sell the telly  
And make evenings by the fire  
    And little kicks inside her  
    This moring at 4:50  
    I took her rather nifty  
    Down to an incubator  
    And thirty minutes later  
She gave birth to a daughter  
    Within a year a walker

She looked just like her mother  
If there could be another  
And now she's two years older  
Her mother's with a soldier  
She left me when my drinking  
Became a proper stinging  
The devil came and took me  
From bar to street to bookie  
No more nights by the telly  
No more nights nappies smelling  
Alone here in the kitchen  
I feel there's something missing  
I'd beg for some forgiveness  
But begging's not my business  
And she won't write a letter  
Although I always tell her  
And so it's my assumption  
I'm really up the junctio
