

Clockwork

Douglas Dare

In this box
A secret so closely kept
Two thousand years in the depts
Not to be openend yetTo the skies
They looked for the reasons why
This oak in to be oh why
Cause answers arent always right.Measure Time but it will move
Hold it close but it wont prove anythingIn their eyes
A memory they soon a loose
Tied to them like a noose
Oh memories they cannot chooseAnd ruled by hands
The point at the moments pass
Lived life behind the glass
Or break it to breath atlastMeasure time but it will move
Hold it close but it wont prove anything
NooahooHold time dear
Hold time dear
Our times here
Our times here ooohaahaaaa
Our (long)Measure time but i will move
Hold it close but it wont prove anything
NooohoooIn this box
A secret so closely kept
Two thousand years more to look
As long as these clocks work
