

# Defenders

## DragonForce

Life's uncertain, a rat-race of pain  
Endlessly searching for more  
Hopeless and needless, held back the chains  
'Till we can't take anymore Hold on, Stay strong  
Breaking out from the past life fading  
No more, what for  
All we got is to keep on praying Pray for the done for, the lives in dismay  
Witness the final decay  
Suffering in silence for years we were blind  
But now we git something to say Hold on, stay strong  
'Till the end a fate of dying  
No more, what for  
Nothing left but to keep on fighting United, incited, not misguided  
We'll fight through time before our one true destiny  
Benighted, ignited, still strong and undivided  
This day foretold now here for all to see So free in the blue skies with time marches on  
Once more maybe we'll find our peace to behold  
Strangers in a strange world, defenders through time  
Cursed in our kingdom of unholy fire Legends of darkness will be on the grave  
Spill their blood under the sun  
Voices are calling with anger and rage  
The final war now has begun Hold on, stay strong  
'Till the end a fate of dying  
No more, what for  
Nothing left but to keep on fighting United, incited, not misguided  
We'll fight through time before our one true destiny  
Benighted, ignited, still strong and undivided  
This day foretold now here for all to see So free in the blue skies with time marches on  
Once more maybe we'll find our peace to behold  
Strangers in a strange world, defenders through time  
Cursed in our kingdom of unholy fire Hear our call, save us all  
Standing tall tonight The flame will slowly fade away  
The shadows of our lives  
Will ash away the memories  
Before the last sunrise We'll keep holding on  
In the sands of changes  
Standing strong against the winds  
Until the end of time Hold on, stay strong  
'Till the end, not afraid of dying

No more, what for  
Nothing left but to keep on fighting  
United, incited, not misguided  
We'll fight through time before our one true destiny  
Benighted, ignited, still strong and undivided  
This day foretold now here for all to see  
So free in the blue skies with time marches on  
Once more maybe we'll find our peace to behold  
Strangers in a strange world, defenders through time  
Cursed in our kingdom of unholy fire  
Hear our call, save us all  
Standing tall tonight  
Hear our call, save us all  
Standing tall tonight
