

Drawn to You

Frida Sundemo

On my way
Unstoppable
Moving fast and I'm not looking back
It's like the streets are chanting my name
So I keep the pace I'm running, I'm running
I'm running at the speed of light
in the middle of the night
You're pulling me in
I'm drawn to you
I'm running, I'm running
I'm running at the speed of light
in the middle of the night
You're pulling me in
I'm drawn to you I walked away
With half a heart
But turned around to get back that missing part I'm running, I'm running
I'm running at the speed of light
in the middle of the night
You're pulling me in
I'm drawn to you
I'm running, I'm running
I'm running at the speed of light
in the middle of the night
You're pulling me in
I'm drawn to you
