## **Glittering Prize**

## **Simple Minds**

Shine on, shine the light on me, In all of my life so that much more I see In the light of his love In the light of reflection Oh what a world Or sometimes oh so it seems Eyes in the skies In that silver gift friendship A glittering prize Is it the prize of lost loves They can remember quiet sides of midnight They can remember the attraction of fame Like a glittering prize I saw up on a clear day First taking hearts Then our last breath away Always came a time, time was on our side We were spending time, we were staring out Catch me in a dream, captured all in heart We were spending time, we were staring out Could there ever be, ever more than one It's called an act of love Can you you never stop? Shine on, shine the light on me, In all of my life So much more I see Like a glittering prize I saw you up on a clear day First taking heart then our last breath away Only on a clear day coming into our lives Only on a clear day coming into our lives We can remember

We can remember
Quiet sides of midnight
We can remember
Attraction of fame
Like a glittering prize

I saw you up on a clear day First taking hearts Then our last breath away See it in the eye, satellite skies We were spending time, we were staring out Take in, take in more, the endless breath away We were spending time, we were staring out Could there ever be, ever more than one It's called an act of love Can you you never stop? Shine on, shine the light on me In all of my life So that much more I see Like a glittering prize Like a glittering prize I saw you up on a clear day First taking hearts Then our last breath away Always on a clear day Crashing into our lives Always on a clear day Is it the price of love Like a glittering prize Always on a clear day
