

# Saints In Hell

## Judas Priest

They laughed at their gods  
And fought them in vain  
So he turned his back on them  
And left them in pain Now here come the saints  
With their banners held high  
Each one of them martyrs  
Quite willing to die Wake the dead  
The saints are in Hell  
Wake the dead  
They've come for the bell Cover your fists  
Razor your spears  
It's been our possession  
For eight thousand years Fetch the scream eagles  
Unleash the wild cats  
Set loose the king cobras  
And blood sucking bats Wake the dead  
The saints are in Hell  
Wake the dead  
They've come for the bell We are saints  
In Hell  
We are saints  
In Hell We're going down  
Into the fire  
We're going down  
Into the fire The streets run with blood from the mass mutilation  
As carnage took toll for the bell  
Abattoir, abattoir, mon dieu quelle horreur  
For a time it was like second Hell Saints in Hell  
Saints in Hell Their battle is over  
The saints are alive  
How can we all thank you?  
We felt so despised Saints in Hell  
Saints in Hell  
Saints in Hell  
Saints in Hell  
Saints in Hell  
Saints in Hell
